

What is Smart Travel?

Smart Travel means going to work, school or play with other people in carpools or vanpools, or by other smart ways such as transit, walking or biking to decrease traffic and pollution.

Help us spread the **Smart Travel** word!

dibs is sponsored by the Regional Transportation Planning Agencies in San Joaquin and Merced counties, and our goal is to make Smart Travel easy and accessible throughout the region. We're always looking for partners in community groups, professional associations, local businesses and public agencies to help improve the vibrancy and health of the communities where we live, work and play.

DibsMyWay.com

What is dibs?

dibs does more than just give you directions. We offer transportation options, incentives, tips and even emergency rides home. We also bring carpool and vanpool participants together. You want easy options designed to fit your needs. We're your portal to save you money, reduce road congestion and improve air quality. It's about SmartTravel... your way!

How dibs works:

1. Join for free

Joining dibs is easy and FREE. Sign up with your email today at NorCalGO.org/dibs and become a Smart Traveler.

2. Plan your trip or commute

Finding the best option can be tricky. We're here to fix that. With dibs, you can easily map out smarter ways to travel and be on your way in minutes.

3. Record your travel

Once your trip is completed, login to your NorCal GO account and record your trip. You'll be able to see how your habits stack up against your friends and be entered to win gift cards and other prizes.

4. Get rewards and track your progress

Log your trips, earn rewards. It's that simple. Track your progress through your account and earn points to redeem for exciting rewards like gas cards, gift cards, and more. Plus, participate in challenges and get entered into gift card drawings.

Plan Your Trip

With the NorCal GO trip planning app, you can easily access walking and biking routes, as well as transit schedules. It also helps you connect with commuters to find the perfect carpool or vanpool for your needs.

Join a Vanpool

Vanpools make getting to work quick and fun. We can connect you with existing vanpools or help you start your own. Not only will you save money on gas and car maintenance, but you'll also reduce stress, enjoy HOV lane access, and put less wear and tear on your personal vehicle.

Join a Carpool

Carpools can be as flexible as needed. Share the ride every day, or once a week. It is up to you. But remember, the more you share, the more you save! We can connect you with existing carpools or help you start your own today.

Get an Emergency Ride Home

Don't worry. If something happens, we offer an emergency ride home service for Smart Travelers so you'll never be stranded. We also pick up the tab. But here's the catch: you need to register for the program BEFORE you need an emergency ride home.

Get Healthy. Walk or Bike.

Walking or biking to work, school or around town is one of the healthiest and most environmentally friendly ways to start your day. Plus, you get a workout in, so you can skip the gym and spend your evening however you want.

Ride Commuter Transit

Who needs traffic? Start your morning on public trains or commuter transit and spend your time catching some extra sleep, finishing your book or binging on your favorite TV series. You'll take cars off the road and help air quality in a big way.

Employers, we can help you make Smart Travel an easy choice.

Do you want happier, healthier employees? Or to help them get to work easily and on time? Whether you've got an established program, or you're ready to start promoting Smart Travel options but not sure where to begin, we can help!

We'll provide:

- A custom Smart Travel program for your business
- Marketing materials, including posters, brochures and web graphics
- Assistance with implementing San Joaquin Valley Air Pollution Control District's Employee Trip Reduction Rule 9410
- On site events, including exhibits, health and safety fairs and custom presentations

Visit DibsMyWay.com to request a presentation or employer toolkit with posters for your office, content for your newsletter, brochures and more.
